A. Needs Statement

1. Identify challenges in financial assistance that are prohibiting you from properly serving MFIP/DWP families in your community.

Keeping current on ever changing policies and procedures.

Dealing with multiple state systems with many out of date with numerous work-arounds.

Staff changes/shortages.

No local or in person training

2. * Identify challenges in employment services that are prohibiting you from properly serving MFIP/DWP families in your community.

- 1. Customers with limited English-speaking skills and the number of ESL hours available by ABE locally. Classes for ESL have recently returned to the classroom, prior to that they were virtual and that was not a good option for ESL customer.
- 2. The barriers that customers are bringing to the table. A large number of customers are very hard to serve and require lots of special services. (Child protection, mental health, chemical health and assistance in applying for social security benefits).
- 3. Lack of childcare. In general daytime childcare is hard to find for infants, but odd hour childcare, sick childcare and second/third shift childcare are impossible. Childcare in smaller towns is also impossible to find.
- 4. Public transportation to get customers to and from second and third shifts does not exist in SWMN, making it hard for customers working in food production and healthcare. Public transportation is not a good option in rural MN to get anyone to work on a regular basis. Plus, it is very expensive.
- 5, Small town issues related to customers having a reputation and businesses being unwilling to hire them.
- 6. Limited culturally specific resources available for specialized services such as culturally specific mental health, IQ tests and then walt times

3. * Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.

- 1. Friendliness and willingness of community members to assist. (Community leaders of color have provided valuable assistance t our customers, plus other stakeholders as well)
- 2. We have worked very hard to strengthen our relationships with employers to enhance opportunities for our customers regarding hiring, work experience and volunteer opportunities.
- 3. We continue to develop and grow our local community partners who are working together to achieve the same mutual goals.
- 4. We have worked to develop short-term entry-level training programs that are available to MFIP/DWP participants in high domain occupations that are also Career Pathways if they so choose. (CNA, TMA and on to LPN and RN, welding and CDL)
- 5. Easy access to local community services. (Food shelf, free community meals, clothes, housing programs and energy assistance)

A. Needs Statement (continued)

4. What strengths and resources do you have available to address the needs of your participants?

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (County/Tribal Nation resources with developed connections to MFIP), and/or an external community resource or both. If you lack the resources in your service area, check the Resource Gaps column. Add any "other" resources that you consider necessary.

6. Employment Services Provider(s) Information

MN Statute 256J.50, Subdivision 8: Each county, or group of counties working cooperatively, must make available to participants the choice of at least two employment and training service providers as defined under MN Statute 256J.49, Subdivision 4, except in counties contracting with workforce centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a Workforce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section I of this form addresses provider choice.

The ES provider and County staff (Eligibility Workers and Child-Care) conduct regular coordination meetings (minimum -monthly) to review current cases and determine if the data reflected in both MAXIS and WF1 match.

When discrepancies are identified, personnel from both the county and ES make the identified corrections on the appropriate data bases (MAXIS and WF1) during the meeting.

In addition, status update forms are exchanged on an as needed basis (daily if necessary) to coordinate communication between both the county and the ES provider to assure that information, status changes, and other relevant information is shared as quickly as possible, allowing for "real-time" updating of the data bases and client files.

EDS is used by the provider, and all Job Counselors have access to WF1 Connect and they also have their own work cell phone.

F. Measures

Performance Measures

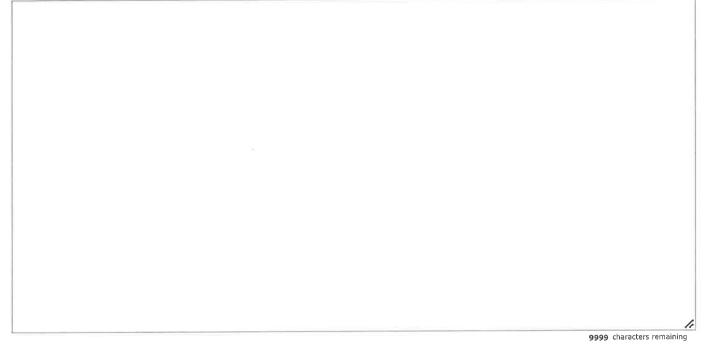

Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on MN Statute 256J.626, Subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The three-year Self-Support Index (S-SI): This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2023: Minnesota Family Investment Program 2023 Annualized Self-Support Index (state.mn.us). A service area with an annualized S-SI Minnesota Family Investment Program 2023 Annualized Self-Support Index (state.mn.us). A service area with an annualized S-SI Minnesota Family Investment Program 2024 Annualized Self-Support Index (IPPE) Elevie a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2024.

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

If your service area performed "above" or "within," you can go to Section G.

If your service area performed "below" for two consecutive years, you will have to **negotiate a multi-year improvement plan** with DHS. If no improvement is shown by the end of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

F. Measures (continued)

Racial/Ethnic Disparities

A racial/ethnic disparity is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the County/Tribal Nation or consortium. The report "Annualized MFIP Performance Measures by Racial/Ethnic or Immigrant Group and by County, County Consortium, and Tribal Provider" is now available at https://public.tableau.com/app/profile/tyler.borgmann/viz/AnnualizedS-SISuccessRatebyRacialEthnicorImmigrantGroup/SSISuccessRateDashboard-intro

To view your agency's measurement, click on the "S-SI Success Rate by Agency" button. This will bring you to the statewide data for 2022. From the first drop down you can select your county, county consortium or Tribal Nation. If you note any groups that are below the line (indicated by a green bar) your county, county consortium or Tribal Nation will answer the next question below:
What strategies and action steps for each of the groups below the disparities reference line do you plan to implement for the coming biennium to reduce these disparities?

H. Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (co. 7.5%) for providing supported employment, uncompensated work, or a community work experience program for a segment of the county's MFIP population. Counties that are operating such a program may request up to 15% admicosts per MN Statute 256J.626, Subdivision 2.	major ninistrative

I. Provider Choice

MFIP provisions require counties to provide a choice of at least two employment service providers available to participants unless a workforce center is being utilized (MN Statute 2561.50, Subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (MN Statute 2561.50, Subdivision 9).

I. Provider Choice (continued)

Financial Hardship Request

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1.	If the County/Triban Nation had a choice of providers in calendar year 2023, describe: • factors that have changed which indicate a financial hardship, • why the hardship is expected to continue, and • the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the County/Tribal Nation.
	2000 characters remaining
2.	Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include: • major factors which prevent the County/Tribal Nation from utilizing these options and include a cost analysis of each option considered; and • the process used to determine the cost of other options (RFP or other County/Tribal Nation process).
	2000 characters remaining
3.	If the County/Tribal Nation proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant County/Tribal Nation funds. The description should include information about what steps will be taken to ensure that staff have the experience and skills to deliver employment services.
	2000 characters remaining

Financial Hardship requests will be reviewed by the Department of Human Services (DHS) and the Department of Employment and Economic (DEED) leadership. DHS and DEED will also look at the amount budgeted by the County/Tribal Nation for employment and training during calendar year 2023 and use this amount as a guide to determine whether the amount budgeted by the County/Tribal Nation for calendar year 2024 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor County/Tribal Nation programs to ensure outcomes are achieved and services are being delivered consistent with state law. For additional information or if you have questions, please email Pamela McCauley at Pamela.McCauley@state.mn.us.

Assurances

It is understood and agreed by the County/Tribal Nation board that funds granted pursuant to this service agreement will be expended for the purposes outlined in Minnesota Statutes, section 2561; that the commissioner of the Minnesota Department of Human Services (hereafter department) has the authority to review and monitor compliance with the service agreement, that documentation of compliance will be available for audit; that the County/Tribal Nation make reasonable efforts to comply with all MFIP requirements, including efforts to identify and apply for available state and federal funding for services within the limits of available funding; and that the County/Tribal Nation agrees to operate MFIP in accordance with state law and federal law and guidance from the department.

Counties and Tribal Nations may use the funds for any allowable expenditures under subdivision 2, including case management outlined in Minnesota Statutes, section 2561.

This allocation is funded with 8% state funds and 92% federal TANF funds and paid quarterly.

Federal funds. Payments are to be made from federal funds. If at any time such funds become unavailable, this CONTRACT shall be terminated immediately upon written notice of such fact by STATE to County/Tribal Nation. In the event of such termination, County/Tribal Nation shall be entitled to payment, determined on a pro rata basis, for services satisfactorily performed. An amendment must be executed any time any of the data elements listed in 2 CFR 200.332 and this clause, including the Assistance Listing number, are changed, such as additional funds from the same federal award or additional funds from a different federal award. STATE has determined that County/Tribal Nation is a "contractor" and not a "subrecipient" pursuant to 2 C.F.R section 200.331.

Pass-through requirements. County/Tribal Nation acknowledges that, if it is a subrecipient of federal funds under this CONTRACT, County/Tribal Nation may be subject to certain compliance obligations. County/Tribal Nation can view a table of these obligations in the Health and Human Services Grants Policy Statement, [1] Exhibit 3 on page II-3, in addition to specific public policy recommend the federal funds here. To the degree federal funds are used in this contract. STATE and County/Tribal Nar Big Stone
